

EST PROJECT PROFILE

SN	PROJECTS	CLIENTS	YEAR	LOCATION
1	OML102 - OFON OFP1 & OFD2 technical rooms HVAC Upgrade to include design, supply, installation of 100% redundancy 25KW split HVAC system	Elect /HVAC Methods - JV Asset TOTAL Energies	2022	OML102 OFON, Rivers State
2	OML58 - Train 1 Gas Metering Skid HVAC System Replacement	Elect /HVAC Methods - JV Asset Total E & P Nigeria Limited	2022	Port Harcourt
3	Design, Supply and Installation of 15KWp Offgrid Solar-Diesel Hybrid Power Station for Residential Application	Private Abuja, Private	2022	Abuja, FCT
4	Rumuekpe LACT station lightning protection system upgrade to include design and installation of free-standing lightning arrestors, ring earthing system, grounding system and surge protection systems for instrument marshalling cabinets, transmitters and other field equipment	Elect /HVAC Methods - JV Asset TOTAL Energies	2022	Rumuekpe, Rivers State
5	OML58 Lightning Protection System Audits for Ibewa, Obite Gas Station and Obagi FlowStation	Elect /HVAC Methods - JV Asset TOTAL Energies	2022	OM58 Egi, Rivers State
6	Vibration Analysis: Motor Current Signature Analysis (MCSA) on AKPO FPSO Gas Export Compressors Motors (GEC A/B) and Gas Injection Compressor Motor (GIC)	Elect /HVAC Methods - Deep Water Asset TOTAL Energies	2022	AKPO, Deep Offshore
7	Supply, Installation and Commissioning of Permanent High Voltage Partial Discharge Sensors (HFCT & TEV) for OFON, OFD3 & OFD5 Subsea Cables and LP Compressor	Elect /HVAC Methods - JV Asset TOTAL Energies	2021	OML102 OFON, Rivers State
8	OML102 - OFON OFP1-ETR HVAC Upgrade to include design, supply, installation of 100% redundancy 25KW split HVAC system	Elect /HVAC Methods - JV Asset TOTAL Energies	2021	OML102 OFON, Rivers State
9	Installation of HVPD Kronos Monitors for 2 x VSD MHP Gas Compressors for High Voltage Partial Discharge Monitoring, to include Provision of Fibre Link to the Technical Room.	Elect /HVAC Methods - JV Asset TOTAL Energies	2021	OML102 OFON, Rivers State
10	OML100 - IME & EDIKAN HVAC System Upgrade	Elect /HVAC Methods - JV Asset Total E & P Nigeria Limited	Ongoing	Port Harcourt
11	Rumuekpe Crude Oil LACT Station Solar Power Generator Upgrade	Metering/Instrument Methods - JV Asset Total E & P Nigeria Limited	2019	Rumuekpe, Rivers State
12	OML100 48Vdc and 12Vdc Charger Upgrade	Elect /HVAC Methods - JV Asset Total E & P Nigeria Limited	2019	Rivers State; Bight of Benin
13	OML58 Train 1 Gas Metering Station HVAC Detailed Engineering Survey	Elect /HVAC Methods - JV Asset Total E & P Nigeria Limited	2018	Obite Gas Plant - OML58
14	Old GP Substation Electrical Transfer Project	Elect /HVAC Methods - JV Asset Total E & P Nigeria Limited	2018	Obagi Flow Station, Rivers State
15	Provision of Electricity Power Supply to Owaza	Elect /HVAC Methods - JV Asset Total E & P Nigeria Limited	2018	Owaza, River State
16	Provision of Permanent Power Supply to OML58 FLBB Construction Camp	Elect /HVAC Methods - JV Asset Total E & P Nigeria Limited	2018	Obagi Flow Station, Rivers State

EST PROJECT PROFILE

SN	PROJECTS		CLIENTS	YEAR	LOCATION
17	Thermography Campaign on Electrical Switchboards, Product Storage Tanks and Separators for Total E & P Nigeria Limited On-shore and Off-shore Assets (OML100 - Odudu Fields; Unity FSO; OML102 - Ofon Fields; OML99 - Amenam /Kpono Fields and OML58 - Obite Gas Plant and Ogbogu Flow Station)	Elect /HVAC Methods - JV Asset	Total E & P Nigeria Limited	2017	Rivers State; Bight of Benin
18	Installation and Commissioning of BEAMEX MCS 200 Calibration Work Station for Obite Gas Plant Instrument Workshop	Metering/Instrument Methods - JV Asset	Total E & P Nigeria Limited	2017	Obite Gas Plant - OML58
19	Maintenance of Autosampler and Remote Monitoring Systems' Solar Power Generators for Rumuekpe LACT Crude Oil Metering Station. Service included Rehabilitation of Flow Meters and Transmitters	Metering/Instrument Methods - JV Asset	Total E & P Nigeria Limited	2016	Rumuekpe, Rivers State
20	Installation of Roof Top 20 - 30 KVA Solar Hybrid Power Solutions for FCMB Branches in Abuja		Starsight Power Utility Limited	2016	Garki, Abuja
21	Rehabilitation of HVAC Expansion Tanks for AKPO Topside, Essential and Non-essential Chilled Water Return Circuit - specialist welding operation of cold water lines, design and fabrication works, and pipe freezing activities using CO2 for process isolation	Elect /HVAC Deep Offshore Support	Total Upstream Nigeria Limited	2016	AKPO FPSO - Deep Offshore
22	Data Centre Electrical Upgrade Works for the National Deposit Insurance Corporation Head Quarters Abuja	ITC Dept	NDIC	2016	Abuja
23	Design, Supply and Installation of 7.6kW; 57.6kWH Solar Power Generator for OML58 Rumuekpe LACT Autosampler System	Metering/Instrument Methods - JV Asset	Total E & P Nigeria Limited	2015	Rumuekpe, Rivers State
24	Rehabilitation of OML58 Obagi Flow Station Flare Ignition System	Metering/Instrument Methods - JV Asset	Total E & P Nigeria Limited	2015	Obagi Flow Station, Rivers State
25	2015 Revenue House Electrical Audit - Thermography Assessment, Portable Appliance Testing, Load Assessment and Electrical Conformance Assessment	Director Facility, Safety and Security	Total E & P Nigeria Limited	2015	Revenue House FIRS Abuja
26	OML100 Odudu 1 Platform HVAC System Upgrade Survey and Improvement Design in conjunction with HVAC Refrigeration and Engineering Aberdeen		Total E & P Nigeria Limited	2014	Port Harcourt
27	OML58 Obite Natural Gas Plant and OML99 Amenam/ Kpono Flare Ignition Systems Technical Inspection in conjunction with JohnZink		Total E & P Nigeria Limited	2014	Port Harcourt
28	Supply and Installation of 2500Amps Legrand ACB for Total House Main LV Panel and Rehabilitation /Replacement of SCC Towers 2 x 1600Amps ACE-Mec (LG) Main LV Automatic Transfer Panel		Total E & P Nigeria Limited	2014	Abuja
29	HVAC and Facility Maintenance Services – Maintenance of HVAC systems and retrofitting of electrical supply lines, surge protection and differential current circuit protection for FIRS Revenue House Abuja		Federal Inland Revenue Service	2013	FIRS Revenue House Abuja
30	Thermography and Load Assessment – Load assessment of electrical supply network and thermal imaging of electrical panels for FIRS CAC office, Abuja.		Federal Inland Revenue Service	2013	FIRS CAC Office, Abuja
31	Electrical Construction – Supply Installation of 1000kVA 11/.415kv transformer, HT Panel extension and general upgrade of Low voltage panel		Broll Property Services Limited	2013	Ceddi Plaza, Abuja
32	Data Centre Electrical Upgrade – Supply Install 2 nos. Isolation Transformers and upgrade of the power supply system to the ICT Data Centre, to include lightning protection, installation of earth and reference grounding network.		Federal Inland Revenue Service	2013	FIRS Revenue House Abuja

EST PROJECT PROFILE

SN	PROJECTS	CLIENTS	YEAR	LOCATION
33	Electrical Works – Supply, install 2500kVA 33/11kV Transformer substation and ancillary equipment to include rehabilitation of existing overhead distribution lines. Supply and install 2 nos. standby generators for the university hostels.	Federal University of Petroleum Resources	2013	Effurun, Delta State
34	Load Balance Assessment and Thermography Studies – Electrical safety conformance audit and inspection of Response House electrical equipment and portable appliance testing	National Emergency Management Agency	2013	Abuja
35	Electrical consultancy services – Transformer substation and Overhead line project assessment and validation. General electrical installation audits and conformance assessment and portable appliance testing	Federal Inland Revenue Service	2013	Abuja
36	Supply and installation of 500KVA 11/0.415KV transformer substation and associated overhead line works to include rehabilitation of existing LV distribution lines in Igarra Edo State	Federal Inland Revenue Service	2012	Igarra Edo State
37	Electrical Inspection – Electrical safety conformance audit and inspection of NAOC HQ in Abuja	Nigerian Agip Oil Company	2012	NAOC HQ - Pinnacle House, Abuja
38	Supply and installation of Maximum Demand Metering – Electrical supply network assessment, ATS and Bus-bar termination	Department For International Development (DFID) Abuja	2012	Chari Close Maitama, Abuja
39	Electrical Safety Audit and Portable Appliance Testing.	Greece Embassy	2012	Wuse, Abuja
40	Supply and Installation of Earth Protection System for Dutse Alhaji 2 X 7.5 MVA 33/ 11kV Injection Substation	Income Electrix /NIPP Project	2012	Dutse, Abuja
41	Supply and installation of 500KVA 33/0.415KV transformer substation and associated overhead line works to include rehabilitation of existing LV distribution lines	Federal inland Revenue Service	2012	Gelegele, Edo State
42	Facility Management Services (Electrical) – Lighting, HVAC and Inverter Power System and coordination of CCTV and Panic Alert System maintenance for ECFIRS residence	Federal Inland Revenue Service	2012	Abuja
43	Facility Management Services (Electrical) – Generator maintenance, lighting, power supply and inverter systems, earth and lightning protection system for CDSSG's residence	Federal Inland Revenue Service	2012	Abuja
44	Supply and installation of 500kVA 33/0.415kV transformer substation and associated overhead line works	Petroleum University Effurun	2011	Effurun, Delta State
45	Annual maintenance of Rumuekpe metering unit solar power generator	Total E & P Nig. Ltd	2011	Rumuekpe, Rivers State
46	Electrical consultancy services – Transformer substation and Overhead line project assessment and validation. General electrical installation audits and conformance assessment and Portable appliance audits (PAT)	Federal inland Revenue Service	2011	Revenue House; Abuja ITOs, Enugu, Owerri and Calabar
47	Supply and installation of 500KVA 11/0.415KV transformer substation and associated overhead line works to include rehabilitation of existing LV distribution lines	Federal Inland Revenue Service	2011	Igarra, Edo State
48	Construction of NIPP 7.5MVA Injection Substation – Civil Works – Control room, generator house, transformer and equipment plinths and all associated works	PHCN/ Income Electrix Ltd.	2010 - 2011	Alhaji Dutse, Abuja FCT
49	Inspection and rehabilitation of lighting and electrical systems. scope to include supply and installation of fire detection systems, CCTV and Intrusion alarm system supply and installation of air-conditioning	Base Consult /FIRS	2010	Maitama, Abuja
50	Design, assemble and installation of solar powered generator for Rumuekpe crude oil metering station. Installation of earthing and lightning protection systems.	Total E & P Nig. Ltd	2010	Rivers State

EST PROJECT PROFILE

SN	PROJECTS	CLIENTS	YEAR	LOCATION
51	Comprehensive audit of Electrical System in Revenue House, Abuja – Transformer substation, low voltage panel and distribution network, IT systems, lightning and earth network.	Federal Inland Revenue Services	2010	Wuse Zone 5, Abuja
52	Comprehensive audit of Electrical System in Revenue House, Abuja – Transformer substation, low voltage panel and distribution network, lightning and earth network	All Saints Anglican Church	2009	Wuse, Abuja
53	Supply and installation of 33KV Overhead line and 200KVA 33/0.415KV transformer substation, including earth installation and substation commissioning	Federal University of Petroleum	2009	Effurun, Delta State
54	Supply of materials for the overhead and underground construction of dedicated 11KV feeder for Warri Central Hospital	PHCN Benin Zone	2008	Warri, Delta State
55	Internal and external electrical retrofit, including installation of 200KVA 11/ 0.415KV transformer substation, earth protection and commissioning	Texaco Petroleum Station, Auchi Road	2008	Delta State
56	Construction of 55meter Tower Base Transceiver Station, including: Tower erection, civil works, standby generator installation, earth protection installation and internal electrics (Air conditioning, fire and heat detection and alarms, rectifier and battery installation, lighting and security systems)	Plessey Nigeria (MTN)	2008	T5623, Alhaji Ali's Plot Vanikiland, Yola
57	Construction of 55meter Tower Base Transceiver Station, including: Tower erection, civil works, standby generator installation, earth protection installation and internal electrics (Air conditioning, fire and heat detection and alarms, rectifier and battery installation, lighting and security systems)	Plessey Nigeria (MTN)	2008	T5630, Jidarri Polo, Maiduguri
58	Construction of 35meter Tower Base Transceiver Station, including: Tower erection, civil works, standby generator installation, earth protection installation and internal electrics (Air conditioning, fire and heat detection and alarms, rectifier and battery installation, lighting and security systems)	Plessey Nigeria (MTN)	2008	T5624, Gere Adamawa
59	Construction of 36 m deep borehole for block of 6 flats including supply and installation of submersible pumps, overhead tanks and water treatment	Private	2008	Block 4, L Close Gwarinpa
60	Construction of 55meter Tower Base Transceiver Station, including: Tower erection, civil works, standby generator installation, earth protection installation and internal electrics (Air conditioning, fire and heat detection and alarms, rectifier and battery installation, lighting and security systems)	Plessey Nigeria (MTN)	2008	T3866, Ahoro Dada, Ogbomosho
61	Turnkey construction of GSM Base Transceiver Station, including: Tower erection, civil works, standby generator installation, earth protection installation and internal electrics (Air conditioning, fire and heat detection and alarms, rectifier and battery installation, lighting and security systems)	Plessey Nigeria (MTN)	2008	T3830, Awo Osun
62	Turnkey construction of GSM Base Transceiver Station, including: Tower erection, civil works, standby generator installation, earth protection installation and internal electrics (Air conditioning, fire and heat detection and alarms, rectifier and battery installation, lighting and security systems)	Plessey Nigeria (MTN)	2008	T3831, Oluwo Kekere, Ibadan

EST PROJECT PROFILE

SN	PROJECTS	CLIENTS	YEAR	LOCATION
63	Turnkey construction of GSM Base Transceiver Station, including: Tower erection, civil works, standby generator installation, earth protection installation and internal electrics (Air conditioning, fire and heat detection and alarms, rectifier and battery installation, lighting and security systems)	Plessey Nigeria (MTN)	2008	T3911, Owena Idanre
64	Turnkey construction of GSM Base Transceiver Station, including: Tower erection, civil works, standby generator installation, earth protection installation and internal electrics (Air conditioning, fire and heat detection and alarms, rectifier and battery installation, lighting and security systems)	Plessey Nigeria (MTN)	2008	T3821, Alaka Oleyo
65	Construction of 10 nos. HV/LV substations for the provision of electricity to telecommunication base stations	Wescom Wireless	2007	Abuja
66	Supply and Installation of 11kV overhead lines and 11/.0415 transformer substation for the extension of electricity to telecoms BTS cell site. Including earthing and commissioning	Plessey Nigeria (MTN)	May-06	T4269 - Onyii Benz, Imo State
67	Supply and Installation of 33kV overhead lines and 100KVA 33/.0415 transformer substation for the extension of electricity to telecoms BTS cell site.	Plessey Nigeria (MTN)	Mar-06	T4513 - Alayeni Ogwa, Imo State
68	Supply and Installation of 33kV overhead lines and 100KVA 33/.0415 transformer substation for the extension of electricity to telecoms BTS cell site.	Plessey Nigeria (MTN)	Feb-06	T4124 - Osumenyi Street, Nnewi
69	BTS site build c/w, rectifier installation, internal and external reticulation including supply and installation of 11/0.415 kV 100KVA transformer substation	Plessey Nigeria (MTN)	Mar-05	T4143 - 175 Zik Avenue, Awka
70	BTS site build c/w, rectifier installation, internal and external reticulation and transformer substation installation	Plessey Nigeria (MTN)	2005	T4109, 26 Ezinifite Street
71	BTS site build c/w, rectifier installation, internal and external reticulation and transformer substation installation	Plessey Nigeria (MTN)	2005	T2239, 33B Circular Road
72	Rooftop site build	Plessey Nigeria (MTN)	2005	T4403, 5_A Power line Aba
73	BTS site build c/w, rectifier installation, internal and external reticulation and transformer substation installation	Plessey Nigeria (MTN)	2005	T4042, 6 Otumoye
74	BTS site build c/w, rectifier installation, internal and external reticulation and transformer substation installation	Plessey Nigeria (MTN)	2005	T2078, Abacha road PH
75	BTS site build c/w, rectifier installation, internal and external reticulation including supply and installation of 11/0.415 kV 100KVA transformer substation	Plessey Nigeria (MTN)	2005	T4429 - Abia State Univ. Uturu
76	BTS site build c/w, rectifier installation, internal and external reticulation and transformer substation installation	Plessey Nigeria (MTN)	2005	T4118, Agbakagu drive
77	Rectifier connection	Plessey Nigeria (MTN)	2005	T2238, Aggrey Estate
78	BTS site build c/w, rectifier installation, internal and external reticulation and transformer substation installation	Plessey Nigeria (MTN)	2005	T4130, Amaokpo Ifete Awka
79	BTS site build c/w, rectifier installation, internal and external reticulation and transformer substation installation	Plessey Nigeria (MTN)	2005	T4120, Amichi road Nnewi
80	Site build	Plessey Nigeria (MTN)	2005	T2635, Azuka Ndah
81	Installation of Lighting arrester and earth system	Plessey Nigeria (MTN)	2005	T4476, B2B Aba micro cell
82	BTS site build c/w, rectifier installation, internal and external reticulation and transformer substation installation	Plessey Nigeria (MTN)	2005	T2627, Cable area

EST PROJECT PROFILE

SN	PROJECTS	CLIENTS	YEAR	LOCATION
83	Supply and Installation of 33kV overhead lines and 100KVA 33/.0415 transformer substation for the extension of electricity to telecoms BTS cell site.	Plessey Nigeria (MTN)	2005	T4612, Church of good shepherd
84	Internal and external electrical site build and substation	Plessey Nigeria (MTN)	2005	T2321, Diamond Hill
85	Generator and fuel system connection, rooftop electrical site build	Plessey Nigeria (MTN)	2005	T4032, Dukason Interbiz Odoakpo
86	Navigation light connections	Plessey Nigeria (MTN)	2005	X4002, Elemenwo Rivers
87	Rectifier Installation	Plessey Nigeria (MTN)	2005	T4091, GRA 1 PH
88	Installation of 11 /.415 KV transformer and substation	Plessey Nigeria (MTN)	2005	T2126, Housing Estate
89	Replacement of SPS Generator with Diesel Electric	Plessey Nigeria (MTN)	2005	T4432, Ibe Michael
90	Supply and Installation of 33kV overhead lines and 100KVA 33/.0415 transformer substation for the extension of electricity to telecoms BTS cell site.	Plessey Nigeria (MTN)	2005	T4262, Ikeduru Owerri
91	Supply and Installation of 33kV overhead lines and 100KVA 33/.0415 transformer substation for the extension of electricity to telecoms BTS cell site. To include	Plessey Nigeria (MTN)	2005	T4422, Ikot Ekpene Rd Umuahia
92	Supply and Installation of 33kV overhead lines and 100KVA 33/.0415 transformer substation for the extension of electricity to telecoms BTS cell site.	Plessey Nigeria (MTN)	2005	T2077, Immaculate Heart Church,
93	Disconnection of site electricians	Plessey Nigeria (MTN)	2005	T0157, Immaculate Heart Onitsha
94	Security Light Connection	Plessey Nigeria (MTN)	2005	T2097, Irieba Aba
95	Electrical Site build and rectifier connection	Plessey Nigeria (MTN)	2005	T4046, Isiokwe
96	BTS site build c/w, rectifier installation, internal and external reticulation including supply and installation of 11/0.415 kV 100KVA transformer substation	Plessey Nigeria (MTN)	2005	T4126 - Mgbemenas Plot, Anambra
97	BTS site build c/w, rectifier installation, internal and external reticulation and transformer substation installation	Plessey Nigeria (MTN)	2005	T2160, Mini Otudor
98	Electrical Site build, security light and rectifier connection	Plessey Nigeria (MTN)	2005	T2186, Mini Risi PH
99	Installation of TX cabinet, Earth and Lightning Arrester	Plessey Nigeria (MTN)	2005	4497. MTN Connect Centre Aba Owerri rd
100	TX Cabinet and Lightning Arrester Installation	Plessey Nigeria (MTN)	2005	X4154, MTN Connect Centre Nnewi
101	Installation of Overhead HV lines and substation	Plessey Nigeria (MTN)	2005	T4129, Niger drive
102	BTS site build c/w, rectifier installation, internal and external reticulation and transformer substation installation	Plessey Nigeria (MTN)	2005	T4901, Nigeria Police Force Otukpo
103	BTS site build c/w, rectifier installation, internal and external reticulation and transformer substation installation	Plessey Nigeria (MTN)	2005	T2144, NIIT Kaduna Street
104	BTS site build c/w, rectifier installation, internal and external reticulation and transformer substation installation	Plessey Nigeria (MTN)	2005	T4135, Nnokwa Central
105	Installation of Overhead HV lines and substation	Plessey Nigeria (MTN)	2005	T4431, Nwoyo's Plot
106	BTS site build c/w, rectifier installation, internal and external reticulation and transformer substation installation	Plessey Nigeria (MTN)	2005	T2076, Obagi Junction, Rivers
107	Supply and Installation of 11kV overhead lines and 11/.0415 transformer substation for the extension of electricity to telecoms BTS cell site. To include	Plessey Nigeria (MTN)	2005	T4113, Ofu Obi Road

EST PROJECT PROFILE

SN	PROJECTS	CLIENTS	YEAR	LOCATION
108	Supply and Installation of 11kV overhead lines and 11/.0415 transformer substation for the extension of electricity to telecoms BTS cell site.	Plessey Nigeria (MTN)	2005	T2098, Ogbuga Street, PH
109	Supply and Installation of 33kV overhead lines and 100KVA 33/.0415 transformer substation for the extension of electricity to telecoms BTS cell site.	Plessey Nigeria (MTN)	2005	T2219, Onne Road PH
110	BTS site build c/w, rectifier installation, internal and external reticulation and transformer substation installation	Plessey Nigeria (MTN)	2005	T2179, Onyemachi Close, PH
111	BTS site build c/w, rectifier installation, internal and external reticulation and transformer substation installation	Plessey Nigeria (MTN)	2005	T4474, Ozumba Road
112	Supply and Installation of 11kV overhead lines and 11/.0415 transformer substation for the extension of electricity to telecoms BTS cell site.	Plessey Nigeria (MTN)	2005	T2069, Penny Lane, PH
113	Supply and Installation of 11kV overhead lines and 11/.0415 transformer substation for the extension of electricity to telecoms BTS cell site.	Plessey Nigeria (MTN)	2005	T4616, Polo Park, Enugu
114	Supply and Installation of 11kV overhead lines and 11/.0415 transformer substation for the extension of electricity to telecoms BTS cell site.	Plessey Nigeria (MTN)	Apr-05	T2225 - Reclamation layout, Port Harcourt
115	Supply and Installation of 11kV overhead lines and 11/.0415 transformer substation for the extension of electricity to telecoms BTS cell site.	Plessey Nigeria (MTN)	Mar-05	T2125 - Rumuepirikom, Port Harcourt
116	Supply and Installation of 11kV overhead lines and 11/.0415 transformer substation for the extension of electricity to telecoms BTS cell site.	Plessey Nigeria (MTN)	May-05	T2145 - Ada George Rd Rumuepirikom Port Harcourt
117	Supply and Installation of 11kV overhead lines and 11/.0415 transformer substation for the extension of electricity to telecoms BTS cell site.	Plessey Nigeria (MTN)	Apr-05	T2053 - Rumuogba, Port Harcourt
118	Supply and Installation of 11kV overhead lines and 11/.0415 transformer substation for the extension of electricity to telecoms BTS cell site.	Plessey Nigeria (MTN)	Mar-05	T2221 - Sani Abacha, Port Harcourt
119	BTS site build c/w, rectifier installation, internal and external reticulation and transformer substation installation	Plessey Nigeria (MTN)	2005	T4609 - St Paul Awkunaw
120	Electrical Site build and rectifier connection	Plessey Nigeria (MTN)	2005	T2404 - Swali Town, Bayelsa
121	BTS site build c/w, rectifier installation, internal and external reticulation and transformer substation installation	Plessey Nigeria (MTN)	2005	T4115 - Traffic light Nnewi
122	BTS site build c/w, rectifier installation, internal and external reticulation and transformer substation installation	Plessey Nigeria (MTN)	2005	T4424 - Ubakala rd Old Umuahia
123	Electrical Site build and rectifier connection	Plessey Nigeria (MTN)	2005	Umunba Enugu
124	BTS site build c/w, rectifier installation, internal and external reticulation and transformer substation installation	Plessey Nigeria (MTN)	2005	T4150 - Upper Iweka Bill Board
